

CALL FOR PROPOSALS

For the SAKK/Celgene Grant for
Pioneering ideas to fight blood cancer

Application deadline: April 30, 2019

www.HEMpioneer.ch

Submit your project now

Many types of blood cancer remain incurable and are associated with severe morbidity and increased mortality. SAKK's HEM Pioneer Grant is funded by Celgene and aims to support projects and research that could potentially pave the way for a game changing outcome in the field of blood cancers.
